New in 2019!

Red Wing ELC is excited to introduce sailing as a core program for summer 2019.

It is always our goal to help students understand and appreciate our local resources, and living near Lake Pepin and Lake Superior, provides us two great places to teach the skills associated with sailing. So, next summer you will see Sailing I and II as programs in the newsletter. This year we were able to secure a number of donations that have helped make this program a reality. We want to thank the following people and businesses for their support of this new and exciting program.
